

Innovation through cooperation

The Humboldt-Universität zu Berlin supports the cooperation between researchers of the university and companies or public institutions.

HUMBOLDT-UNIVERSITÄT ZU BERLIN

OUR SERVICES AT A GLANCE

- Search for suitable project partners
- Customized workshops for your research interest
- Interdisciplinary events such as:

The Transfer labs of Humboldts Wagniswerkstätten help you to develop application-oriented solutions and innovations for your business challenges through science.

Wissenschaft trifft Wirtschaft takes up a current research topic every year and provides representatives of science, economy and the public sector a platform for exchange of information and experience.

Humboldt-Innovation GmbH

The settlement of research cooperation, contract research and scientific service is processed through the Humboldt-Innovation GmbH, knowledge and technology transfer company of the university.
